## Frontend Developer

### SUMMARY

I am looking for a job offer as a Front-end developer in a company that will give me the opportunity to implement the acquired development skills. I can be useful in the development of functional applications, writing functional components, other development issues. Interested in learning and expanding acquired programming skills.

### PROJECTS

#### Project "Shopping website"

<https://sharik-upp.com>

<https://github.com>

The project was developed independently: development of the client part, server part, creation of a chatbot for receiving orders, deployment of the project to hosting.

#### Independent project "One-page course sale site"

<https://flower-business-course>

The project was created from a template, with the aim of selling a flower business course, the Wayforpay payment acceptance system was connected, creatives were prepared and advertising was launched on Facebook.

#### Project "Shopping website"

<https://netlify.app>

<https://github.com>

The project was developed independently, using video materials from the Internet resource Youtube.

#### Team Project "Shopping website"

<https://shop-avion.onrender.com>

<https://github.com>

Connection to the back-end project, connection of the project to mongo db, database configuration, creation of appropriate collections, editing of positions in database collections, writing components, writing tests.

### WORK EXPERIENCE

**Freelancer** [freelancehunt.com](https://freelancehunt.com)

Fontend Developer

**DUN.IT EDUCATION, Ukraine, Kyiv**

2022 - 2023

The studies consisted of studying theoretical materials, practical exercises with a mentor, completing homework, and implementing final projects.

Supervisor

**FLP, Ukraine, Kyiv**

2019 - 2023

The company is engaged in the retail sale of flower products. I created a website for an online flower shop on a design platform, and was involved in creating a company profile on Google My Business and Instagram.

Lawyer

**Agricultural company, Kirovograd region**

2017 - 2020

The company is engaged in the sale of agricultural products. In my position, I performed the functions of a lawyer.
